

My name is Severiano Guevara, from Morelia, Michoacán, Mexico. I am currently studying at my B.A at the University of Monterey (CSUMB). My concentration is in Spanish. I chose this concentration because I discovered that I love about Latin literature and cultures. I am going to graduate by the spring of 2019. And I would love to continue my master degree at the University of San Jose in the Spanish program.

I would like to enter the University of San José. A goal in life I want to be a Spanish teacher and to achieve this I need a master degree in Spanish. Then, the University of San Jose has the perfect Spanish program to obtain a master's degree.

I am an ideal candidate for the Spanish program. I am a student who likes to work hard in their classes. I am a student that I am very punctual in the classes. I am a student who works and studies at the same time. I work to cover my studies. Another thing that I would like to be in the Spanish program I like to work in a team and I like to help my classmates when they do not understand something. In that aspect I have experience working in a team and helping my classmates. Another thing that I would like to mention is that I like to participate in cultural events held within the university and attend cultural events that take place in the city. I am a student very dedicated to my studies.

Other of my goals the things that I want to enter the University of San Jose. In the future I want to get a PhD in Spanish. To obtain my doctorate, you must first obtain a master's degree in Spanish. For that reason, the Spanish program at the University of San José is very important to achieve my goals. After obtaining my doctorate I would like to be a professor of Spanish literature at the University of California.

Finally, I would like you to consider for me a Spanish program, since I am a good candidate for the Spanish program because I working hard and dedicate student. Thank you very much for taking the time to read part of my goals.

Regards,

Severiano Guevara
